

## WIND SONG

**Come together, open the door.**

**Come together we've been here before..**

**Wounded and tired**

**Intentions united**

**Let the winds blow and heal the soul.**

**Come together, open the door.**

**Come together we've been here before..**

**East , South , West and North**

**Let the winds blow and heal the soul.**

Repeat x 4 to honor all directions.

**Let the winds blow....**

**They know ....**

**They Know....**
